COLLEGE PLANNING EDUCATION SEMINAR FOR HIGH SCHOOL ATHLETES

Our goal is to provide much needed generic financial college planning education to high school athletes and their parents. We do this in a way that connects the NCAA Division structure to available scholarships in each major sport category along with basic financial college planning. This is done to assist athletes and their families to reach both their athletic, savings and educational objectives and goals. We will also offer our one on one financial consultant services to families interested in having us prepare and manage a customized college financial plan.
